

THE HOW CODE

The HOW is the behavioral standard that makes the WHAT actually work.

Every role has two sides.

WHAT

*Responsibilities
the job description*

VS

HOW

*Values
the behavioral standard*

Most pastors only build the WHAT. The HOW runs on mood.

Build the HOW in four moves.

1

SEPARATE HOW FROM WHAT

Values define behavior — not tasks.

2

WRITE THE BEHAVIOR

Describe how your team acts at its best.

3

NAME THE FAILURE MODE

Define what it looks like when broken.

4

AUTHOR FROM THE TOP

You write them — not a committee.

WINNING TEAMS AGREE ON THE HOW.
